SEPCO ASBESTOS PERSONAL INJURY TRUST DISTRIBUTION PROCEDURES

The Sepco Asbestos Personal Injury Trust Distribution Procedures (the “**TDP**”) contained herein provide for resolving all Asbestos Personal Injury Claims (“**Asbestos Claims**”) as defined in the Second Amended Plan of Reorganization for Sepco Corporation Under Chapter 11 of the Bankruptcy Code, dated as of October 4, 2019 (as it may be amended or modified, the “**Plan**”),¹ as provided in and required by the Plan and the Sepco Asbestos Personal Injury Trust Agreement (the “**Trust Agreement**”). The Plan and Trust Agreement establish the Sepco Asbestos Personal Injury Trust (the “**Asbestos Trust**”). The Trustee of the Asbestos Trust (the “**Trustee**”) shall implement and administer this TDP in accordance with the Trust Agreement.

SECTION 1.

INTRODUCTION

1.1 Purpose. This TDP has been adopted pursuant to the Trust Agreement. It is designed to provide fair, equitable and substantially similar treatment for all Asbestos Claims that may presently exist or may arise in the future.

1.2 Interpretation. Except as may otherwise be provided below, nothing in this TDP shall be deemed to create a substantive right for any claimant. The rights and benefits provided herein to holders of Asbestos Claims shall vest in such holders as of the Effective Date.

SECTION 2.

OVERVIEW

2.1 Asbestos Trust Goals. The goal of the Asbestos Trust is to treat all claimants equitably. This TDP furthers that goal by setting forth procedures for processing and paying the

¹ Capitalized terms used herein and not otherwise defined shall have the meanings assigned to them in the Plan and the Trust Agreement.

Debtor's several share of the unpaid portion of the liquidated value of Asbestos Claims generally on an impartial, first-in-first-out (“**FIFO**”) basis, with the intention of paying all claimants over time as equivalent a share as possible of the value of their claims based on historical values for substantially similar claims in the tort system.² To this end, the TDP establishes a schedule of five asbestos-related diseases (“**Disease Levels**”) that have presumptive medical and exposure requirements (“**Medical/Exposure Criteria**”) and specific liquidated values (“**Scheduled Values**”). The Disease Levels, Medical/Exposure Criteria, and Scheduled Values, which are set forth in Section 5.3(a)(3) below, have all been selected and derived with the intention of achieving a fair allocation of the Asbestos Trust funds as among claimants suffering from these different disease processes in light of the best available information considering the settlement history of the Debtor and the rights claimants would have in the tort system absent the bankruptcy. Except as set forth in Section 5.10 below, a claimant may not assert more than one Asbestos Claim hereunder.

Because of the specialized nature of the Debtor's products and the very limited resources of the Asbestos Trust, this TDP provides for the payment by the Asbestos Trust of Asbestos Claims based only on certain diseases. The Trustee shall supervise the review of filed Asbestos Claims with the goal of limiting approval of Asbestos Claims to those claims that provide evidence of the type of exposure patterns that were typically required by the Debtor for payment of claims in the tort system. To that end, the Asbestos Trust may make reasonable inquiries of claimants and/or co-workers as to the nature and extent of their exposure to the Debtor's asbestos-containing products.

² As used in this TDP, the phrase “in the tort system” shall **not** include claims asserted against a trust established for the benefit of asbestos personal injury claimants pursuant to section 524(g) and/or section 105 of the Bankruptcy Code or any other applicable law.

2.2 Claims Liquidation Procedures. Asbestos Claims shall be processed based on their place in the FIFO Processing Queue to be established pursuant to Section 5.1(a)(1) below. The Asbestos Trust shall take all reasonable steps to resolve Asbestos Claims as efficiently and expeditiously as possible at each stage of claims processing and arbitration, which steps may include, in the Asbestos Trust's sole discretion, conducting settlement discussions with claimants' representatives with respect to more than one claim at a time, provided that the claimants' respective positions in the FIFO Processing Queue are maintained and each claim is evaluated pursuant to the valuation factors set forth herein. The Asbestos Trust shall also make every effort to resolve each year at least that number of Asbestos Claims required to exhaust the Maximum Annual Payment as that term is defined in Section 2.4 below.

The Asbestos Trust shall liquidate all Asbestos Claims under the Expedited Review Process described in Section 5.3(a) below.

Based upon the Debtor's claims settlement history in light of applicable tort law, and current projections of present and future unliquidated claims, the Scheduled Values for all Disease Levels have been established as set forth in Section 5.3(a)(3).

All unresolved disputes over a claimant's medical condition or exposure history shall be subject to binding or non-binding arbitration as set forth in Section 5.8 below, at the election of the claimant, under the ADR Procedures that are to be established by the Asbestos Trust. Asbestos Claims that are the subject of a dispute with the Asbestos Trust that cannot be resolved by non-binding arbitration may enter the tort system as provided in Sections 5.9 and 7.6 below. However, if and when a claimant obtains a judgment in the tort system, the judgment shall be payable as provided in Section 7.7 below (subject to the Payment Percentage, as defined in Section 4.1 below, and the Maximum Annual Payment provisions set forth below).

2.3 Establishment and Application of the Payment Percentage. The Payment Percentage for Asbestos Claims shall be established by the Trustee with the consent of the Trust Advisory Committee (“TAC”) and the Future Claimants’ Representative (“FCR”). After the liquidated value of an Asbestos Claim as defined in Section 5.3(a)(3) below is determined pursuant to the procedures set forth herein for Expedited Review, arbitration, or litigation in the tort system, the claimant shall ultimately receive a pro rata share of that value based on the Payment Percentage described in Section 4.2 below. The Payment Percentage shall also apply to all Pre-Petition Liquidated Claims as provided in Section 5.2 below and to all sequencing adjustments paid pursuant to Section 7.5 below.

The Payment Percentage may be adjusted upwards or downwards from time to time by the Asbestos Trust with the consent of the TAC and the FCR to reflect then-current estimates of the Asbestos Trust’s assets and its liabilities, as well as the then-estimated value of then-pending and future claims. If the Payment Percentage is increased over time, claimants whose claims were liquidated and paid in prior periods under the TDP shall receive additional payments only as provided in Section 4.3 below. Because there is uncertainty in the prediction of both the number and severity of future Asbestos Claims, and the amount of the Asbestos Trust’s assets, no guarantee can be made of any Payment Percentage of an Asbestos Claim’s liquidated value.

2.4 Asbestos Trust’s Determination of the Maximum Annual Payment. After calculating the Payment Percentage, the Asbestos Trust shall model the cash flow, principal and income year-by-year to be paid over its entire life to ensure that all present and future holders of Asbestos Claims are compensated at the Payment Percentage. In each year, based upon the model of cash flow, the Asbestos Trust shall be empowered to pay out the portion of its funds payable for that year according to the model (the “**Maximum Annual Payment**”). The Asbestos

Trust's distributions to all claimants for that year shall not exceed the Maximum Annual Payment. The Payment Percentage and the Maximum Annual Payment figures are based on projections over the lifetime of the Asbestos Trust. If such long-term projections are revised, the Payment Percentage may be adjusted accordingly, which would result in a new model of the Asbestos Trust's anticipated cash flow and a new calculation of the Maximum Annual Payment figures.

However, year-to-year variations in the Asbestos Trust's flow of claims or the value of its assets, including earnings thereon, will not mean necessarily that the long-term projections are inaccurate; they may simply reflect normal variations, both up and down, from the smooth curve created by the Asbestos Trust's long-term projections. If, in a given year, however, asset values, including earnings thereon, are below projections, the Asbestos Trust may need to distribute less in that year than would otherwise be permitted based on the original Maximum Annual Payment derived from long-term projections. Accordingly, the original Maximum Annual Payment for a given year may be temporarily decreased if the present value of the assets of the Asbestos Trust as measured on a specified date during the year is less than the present value of the assets of the Asbestos Trust projected for that date by the cash flow model described in the foregoing paragraph. The Asbestos Trust shall make such a comparison whenever the Trustee becomes aware of any information that suggests that such a comparison should be made. If the Asbestos Trust determines that as of the date in question, the present value of the Asbestos Trust's assets is less than the projected present value of its assets for such date, then it will remodel the cash flow year-by-year to be paid over the life of the Asbestos Trust based upon the reduced value of the total assets as so calculated and identify the reduced portion of its funds to be paid for that year, which will become the Temporary Maximum Annual Payment (additional reductions in the

Maximum Annual Payment can occur during the course of that year based upon subsequent calculations). If in any year the Maximum Annual Payment was temporarily reduced as a result of an earlier calculation and, based upon a later calculation, the difference between the projected present value of the Asbestos Trust's assets and the actual present value of its assets has decreased, the Temporary Maximum Annual Payment shall be increased to reflect the decrease in the differential. In no event, however, shall the Temporary Maximum Annual Payment exceed the original Maximum Annual Payment. As a further safeguard, the Asbestos Trust's distribution to all claimants for the first nine months of a year shall not exceed 85% of the Maximum Annual Payment determined for that year. If on December 31 of a given year, the original Maximum Annual Payment for such year is not in effect, the original Maximum Annual Payment for the following year shall be reduced proportionately.

2.5 Indirect Asbestos Claims. As set forth in Section 5.5 below, any Indirect Asbestos Claim shall be subject to the same categorization, evaluation, and payment provisions of this TDP as all other Asbestos Claims.

SECTION 3.

TDP ADMINISTRATION

3.1 Trust Advisory Committee and Future Claimants' Representative. Pursuant to the Plan and the Trust Agreement, the Asbestos Trust and this TDP shall be administered by the Trustee in consultation with the TAC, which represents the interests of holders of present Asbestos Claims, and the FCR, who represents the interests of holders of Asbestos Claims that shall be asserted in the future. The Trustee shall obtain the consent of the TAC and the FCR on any amendments to this TDP pursuant to Section 8.1 below, and on such other matters as are otherwise required below and in Section 2.2(f) of the Trust Agreement. The Trustee shall also

consult with the TAC and the FCR on such matters as are provided below and in Section 2.2(e) of the Trust Agreement. The initial Trustee, the initial members of the TAC and the initial FCR are identified in the Trust Agreement.

3.2 Consent and Consultation Procedures. In those circumstances in which consultation or consent is required, the Trustee shall provide written notice to the TAC and the FCR of the specific amendment or other action that is proposed. The Trustee shall not implement such amendment nor take such action unless and until the parties have engaged in the Consultation Process described in Sections 5.7(a) and 6.6(a), or the Consent Process described in Sections 5.7(b) and 6.6(b), of the Trust Agreement, respectively.

SECTION 4.

PAYMENT PERCENTAGE; PERIODIC ESTIMATES

4.1 Uncertainty of Debtor's Personal Injury Asbestos Liabilities. As discussed above, there is inherent uncertainty regarding the Debtor's total asbestos-related tort liabilities, as well as the total value of the assets available to the Asbestos Trust to pay Asbestos Claims. Consequently, there is inherent uncertainty regarding the amounts that holders of Asbestos Claims shall receive. To seek to ensure substantially equivalent treatment of all present and future Asbestos Claims, the Trustee must determine from time to time the percentage of full liquidated value that holders of present and future Asbestos Claims shall be likely to receive, *i.e.*, the "**Payment Percentage**" described in Section 2.3 above and Section 4.2 below.

4.2 Computation of Payment Percentage. As provided in Section 2.3 above, the Payment Percentage shall be established by the Trustee with the consent of the TAC and the FCR, and shall apply to all Asbestos Claims.

The Payment Percentage shall be subject to change pursuant to the terms of this TDP and the Trust Agreement if the Trustee with the consent of the TAC and FCR determines that an adjustment is required. No less frequently than once every three (3) years, commencing with the first day of January occurring after the Effective Date, the Trustee shall reconsider the then-applicable Payment Percentage to assure that it is based on accurate, current information and may, after such reconsideration, change the Payment Percentage if necessary with the consent of the TAC and the FCR. The Trustee shall also reconsider the then-applicable Payment Percentage at shorter intervals if he or she deems such reconsideration to be appropriate or if requested to do so by the TAC or the FCR. In any event, no less frequently than once every twelve (12) months, commencing on the date that the Asbestos Trust first makes available the proof of claim forms and other claims materials required to file a claim with the Asbestos Trust (the six-month anniversary of the date the Asbestos Trust first makes available the proof of claim form and other claims materials required to file a claim being referred to herein as the “**Initial Claims Filing Date**”), the Trustee shall compare the liability forecast on which the then applicable Payment Percentage is based with the actual claims filing and payment experience of the Asbestos Trust to date. If the results of the comparison call into question the ability of the Asbestos Trust to continue to rely upon the current liability forecast, the Trustee shall undertake a reconsideration of the Payment Percentage.

The Trustee must base his or her determination of the Payment Percentage on current estimates of the number, types, and values of present and future Asbestos Claims, the value of the assets then available to the Asbestos Trust for their payment, all anticipated administrative and legal expenses, and any other material matters that are reasonably likely to affect the sufficiency of funds to pay a comparable percentage of full value to all holders of Asbestos

Claims. When making these determinations, the Trustee shall exercise common sense and flexibly evaluate all relevant factors.

4.3 Applicability of the Payment Percentage. Except as otherwise provided (a) in Section 5.1(b) below for Asbestos Claims involving deceased or incompetent claimants for which approval of the Asbestos Trust's offer by a court or through a probate process is required and (b) in the paragraph below with respect to Released Claims, no holder of any other Asbestos Claim shall receive a payment that exceeds the liquidated value of the claim times the Payment Percentage in effect at the time of payment; provided, however, that if there is a reduction in the Payment Percentage, the Trustee, in his or her sole discretion, may cause the Asbestos Trust to pay an Asbestos Claim based on the Payment Percentage that was in effect prior to the reduction if such Asbestos Claim was filed and actionable with the Asbestos Trust ninety (90) days or more prior to the date the Trustee proposed the new Payment Percentage in writing to the TAC and the FCR (the "**Proposal Date**") and the processing of such claim was unreasonably delayed due to circumstances beyond the control of the claimant or the claimant's counsel, but only if such claim had no deficiencies for the ninety (90) days prior to the Proposal Date.

If a redetermination of the Payment Percentage has been proposed in writing by the Trustee to the TAC and the FCR but has not yet been adopted, the claimant shall receive the lower of the current Payment Percentage or the proposed Payment Percentage. However, if the proposed Payment Percentage was the lower amount but was not subsequently adopted, the claimant shall thereafter receive the difference between the lower proposed amount and the higher current amount. Conversely, if the proposed Payment Percentage was the higher amount and was subsequently adopted, the claimant shall thereafter receive the difference between the lower current amount and the higher adopted amount.

Notwithstanding anything contained herein, if the proposed Payment Percentage is lower than the current Payment Percentage, a claimant whose Asbestos Claim was liquidated prior to the Proposal Date and who either (a) transmitted³ an executed release to the Asbestos Trust prior to the Proposal Date or (b) with respect to those claimants who had received releases fewer than thirty (30) days prior to the Proposal Date, transmitted an executed release to the Asbestos Trust within thirty (30) days of the claimant's receipt of the release (the claims described in (a) and (b) are collectively referred to herein as the "**Released Claims**") shall be paid based on the current Payment Percentage (the "**Released Claims Payment Percentage**"). For purposes hereof, (a) a claimant represented by counsel shall be deemed to have received a release on the date that the claimant's counsel receives the release, (b) if the Asbestos Trust transmits a release electronically, the release shall be deemed to have been received on the date the Asbestos Trust transmits the offer notification, and (c) if the Asbestos Trust places the release in the U.S. mail, postage prepaid, the release shall be deemed to have been received three (3) business days after such mailing date. A delay in the payment of the Released Claims for any reason, including delays resulting from limitations on payment amounts in a given year pursuant to Section 2.4 or Section 2.5 hereof, shall not affect the rights of the holders of the Released Claims to be paid based on the Released Claims Payment Percentage.

At least thirty (30) days prior to proposing in writing to the TAC and the FCR a change in the Payment Percentage, the Trustee shall issue a written notice to claimants or claimants' counsel indicating that the Trustee is reconsidering such Payment Percentage.

If the Trustee, with the consent of the TAC and the FCR, makes a determination to increase the Payment Percentage, the Trustee shall make supplemental payments to all claimants

³ For purposes of this sentence, "transmitted" is defined as the date/time postmarked if submitted by mail or the date/time uploaded if submitted electronically.

who previously liquidated their claims against the Asbestos Trust and received payments based on a lower Payment Percentage. The amount of any such supplemental payment shall be the liquidated value of the claim in question times the newly adjusted Payment Percentage, less all amounts previously paid to the claimant with respect to the claim (excluding the portion of such previously paid amounts that was attributable to any sequencing adjustment paid pursuant to Section 7.5 below).

The Trustee's obligation to make a supplemental payment to a claimant shall be suspended in the event the payment in question would be less than \$250, and the amount of the suspended payment shall be added to the amount of any prior supplemental payment/payments that was/were also suspended because it/they would have been less than \$250. However, the Trustee's obligation shall resume and the Trustee shall pay any such aggregate supplemental payments due the claimant at such time that the total exceeds \$250.

SECTION 5.

RESOLUTION OF ASBESTOS CLAIMS.

5.1 Ordering, Processing and Payment of Asbestos Claims.

5.1(a) Ordering of Claims.

5.1(a)(1) Establishment of the FIFO Processing Queue. The Asbestos Trust shall order claims that are sufficiently complete to be reviewed for processing purposes on a FIFO basis except as otherwise provided herein (the "**FIFO Processing Queue**"). The claimant's position in the FIFO Processing Queue shall be determined by the date the claim is filed with the Asbestos Trust. If any claims are filed on the same date, the claimant's position in the FIFO Processing Queue shall be determined by the date of the diagnosis of the asbestos-related disease for which the claim was filed. If any claims are filed and diagnosed on the same

date, the claimant's position in the FIFO Processing Queue shall be determined by the claimant's date of birth, with older claimants given priority over younger claimants.

5.1(a)(2) Effect of Statutes of Limitation and Repose. All unliquidated Asbestos Claims must meet either (i) for claims first filed in the tort system against the Debtor prior to the Petition Date, the applicable federal or state statute of limitation and repose that was in effect at the time of the filing of the claim in the tort system, or (ii) for claims not filed against the Debtor in the tort system prior to the Petition Date, the applicable federal or state statute of limitation that was in effect at the time of the filing with the Asbestos Trust. However, the running of the relevant statute of limitation shall be tolled as of the earliest of (A) the actual filing of the claim against the Debtor prior to the Petition Date, whether in the tort system or by submission of the claim to the Debtor pursuant to an administrative settlement agreement; (B) the tolling of the claim against the Debtor prior to the Petition Date by an agreement or otherwise, provided such tolling is still in effect on the Petition Date; or (C) the Petition Date.

If an Asbestos Claim meets any of the tolling provisions described in the preceding sentence and the claim was not barred by the applicable federal or state statute of limitation at the time of the tolling event, it shall be treated as timely filed if it is actually filed with the Asbestos Trust within three (3) years after the Initial Claims Filing Date, or within three (3) years after the date of the diagnosis of the disease for which the claim is filed, whichever occurs later. In addition, any Asbestos Claims that were first diagnosed after the Petition Date, irrespective of the application of any relevant federal or state statute of limitation or repose, may be filed with the Asbestos Trust within three (3) years after the date of diagnosis or within three (3) years after the Initial Claims Filing Date, whichever occurs later. However, the processing of

any Asbestos Claim by the Asbestos Trust may be deferred at the election of the claimant pursuant to Section 6.3 below.

5.1(b) Payment of Claims. Asbestos Claims that have been liquidated by the Expedited Review Process as provided in Section 5.3(a) below, by arbitration as provided in Section 5.8 below, or by litigation in the tort system provided in Section 5.9 below, shall be paid in FIFO order based on the date their liquidation became final (the “**FIFO Payment Queue**”), all such payments being subject to the applicable Payment Percentage, the Maximum Annual Payment, and the sequencing adjustment provided for in Section 7.5 below, except as otherwise provided herein. Pre-Petition Liquidated Claims, as defined in Section 5.2 below, shall be subject to the Maximum Annual Payment and Payment Percentage limitations.

Where the claimant is deceased or incompetent, and the settlement and payment of his or her claim must be approved by a court of competent jurisdiction or through a probate process prior to acceptance of the claim by the claimant’s representative, an offer made by the Asbestos Trust on the claim shall remain open so long as proceedings before that court or in that probate process remain pending, provided that the Asbestos Trust has been furnished with evidence that the settlement offer has been submitted to such court or is in the probate process for approval. If the offer is ultimately approved by the court or through the probate process and accepted by the claimant’s representative, the Asbestos Trust shall pay the claim in the amount so offered, multiplied by the Payment Percentage in effect at the time the offer was first made.

If any claims are liquidated on the same date, the claimant’s position in the FIFO Payment Queue shall be determined by the date of the diagnosis of the claimant’s asbestos-related disease for which the claim was filed. If any claims are liquidated on the same date and the respective holders’ asbestos-related diseases were diagnosed on the same date, the position of

those claims in the FIFO Payment Queue shall be determined by the Asbestos Trust based on the dates of the claimants' birth, with older claimants given priority over younger claimants.

5.2 Resolution of Pre-Petition Liquidated Claims.

5.2(a) Processing and Payment. As soon as practicable after the Effective Date, the Asbestos Trust shall pay, upon submission by the claimant of the appropriate documentation, all Asbestos Claims that were liquidated by (i) a binding settlement agreement for the particular claim entered into prior to the Petition Date that is judicially enforceable by the claimant, (ii) a jury verdict or non-final judgment in the tort system obtained prior to the Petition Date, or (iii) a judgment that became final and non-appealable prior to the Petition Date (collectively "**Pre-Petition Liquidated Claims**"). In order to receive payment from the Asbestos Trust, the holder of a Pre-Petition Liquidated Claim must submit all documentation necessary to demonstrate to the Asbestos Trust that the claim was liquidated in the manner described in the preceding sentence, which documentation shall include (A) a copy of the settlement agreement (if applicable), a court-authenticated copy of the jury verdict (if applicable), a non-final judgment (if applicable) or a final judgment (if applicable) and (B) the name, social security number, and date of birth of the claimant, and the name and address of the claimant's lawyer; provided, however, that if a Pre-Petition Liquidated Claim is listed on the schedule of such claims that the Debtor provides to the Asbestos Trust and the claimant confirms the information provided by the Debtor, the claimant shall not be required to provide any additional documentation.

The liquidated value of a Pre-Petition Liquidated Claim shall be the unpaid portion of the amount agreed to in the binding settlement agreement, the unpaid portion of the amount awarded by the jury verdict or non-final judgment or the unpaid portion of the amount of the final judgment, as the case may be, plus interest, if any, that has accrued on that amount in accordance

with the terms of the agreement, if any, or under applicable state law for settlements or judgments as of the Petition Date; however, except as otherwise provided in Section 7.4 below, the liquidated value of a Pre-Petition Liquidated Claim shall not include any punitive or exemplary damages. In addition, the amounts payable with respect to such claims shall be subject to the Maximum Annual Payment and Payment Percentage provisions. In the absence of a Final Order of the Bankruptcy Court determining whether a settlement agreement is binding and judicially enforceable, a dispute between the claimant and the Asbestos Trust over this issue shall be resolved pursuant to the same procedures in this TDP that are provided for resolving the validity and/or liquidated value of an Asbestos Claim (*i.e.*, arbitration and litigation in the tort system as set forth in Sections 5.8 and 5.9 below).

Pre-Petition Liquidated Claims shall be processed and paid in accordance with their order in a separate FIFO queue, to be established by the Asbestos Trust based on the date the Asbestos Trust received all required documentation for the particular claim. If any Pre-Petition Liquidated Claims were filed on the same date, the claimant's position in the FIFO queue for such claims shall be determined by the dates of the claimants' birth, with older claimants given priority over younger claimants.

5.2(b) Marshalling of Security. Holders of Pre-Petition Liquidated Claims that are secured by letters of credit, appeal bonds, or other security or sureties shall first exhaust their rights against any applicable security or surety before making a claim against the Asbestos Trust. Only in the event that such security or surety is insufficient to pay the Pre-Petition Liquidated Claim in full shall the deficiency be processed and paid as a Pre-Petition Liquidated Claim.

5.3 Resolution of Unliquidated Asbestos Claims. As soon as possible after the establishment of the Asbestos Trust, the Trustee, with the consent of the TAC and the FCR, shall

adopt procedures for reviewing and liquidating all unliquidated Asbestos Claims, which shall include deadlines for processing such claims. Such procedures shall also require that claimants seeking resolution of unliquidated Asbestos Claims must first file a proof of claim form, together with the required supporting documentation, in accordance with the provisions of Sections 6.1 and 6.2 below. It is anticipated that the Asbestos Trust shall provide an initial response to the claimant within three (3) months of receiving the proof of claim form.

The proof of claim form shall require the claimant to assert his or her claim for the highest Disease Level for which the claim qualifies at the time of filing. Irrespective of the Disease Level alleged on the proof of claim form, all claims shall be deemed to be a claim for the highest Disease Level for which the claim qualifies at the time of filing, and all lower Disease Levels for which the claim may also qualify at the time of filing or in the future shall be treated as subsumed into the higher Disease Level for both processing and payment purposes.

Upon filing of a valid proof of claim form with the required supporting documentation, the claimant shall be placed in the FIFO Processing Queue in accordance with the ordering criteria described in Section 5.1(a)(1) above.

5.3(a) Expedited Review Process.

5.3(a)(1) In General. The Asbestos Trust's Expedited Review Process is designed primarily to provide an expeditious, efficient and inexpensive method for liquidating all Asbestos Claims eligible for payment under this TDP. Expedited Review is also intended to provide qualifying claimants a fixed and certain claims payment.

Thus, claims that undergo Expedited Review and meet the presumptive Medical/Exposure Criteria for the relevant Disease Level shall be paid the Scheduled Value for such Disease Level set forth in Section 5.3(a)(3) below. All claims liquidated by Expedited Review

shall be subject to the applicable Payment Percentage and Maximum Annual Payment limitations set forth above.

Subject to the provisions of Section 5.7, the claimant's eligibility to receive the Scheduled Value for his or her Asbestos Claim pursuant to the Expedited Review Process shall be determined solely by reference to the Medical/Exposure Criteria set forth below.

5.3(a)(2) Claims Processing Under Expedited Review. All claimants seeking liquidation of their claims pursuant to Expedited Review shall file the Asbestos Trust's proof of claim form. As a proof of claim form is reached in the FIFO Processing Queue, the Asbestos Trust shall determine whether the claim described therein meets the Medical/Exposure Criteria for one of the Disease Levels, and shall advise the claimant of its determination. If a Disease Level is determined, the Asbestos Trust shall tender to the claimant an offer of payment of the Scheduled Value for the relevant Disease Level multiplied by the applicable Payment Percentage, together with a form of release approved by the Asbestos Trust. If the claimant accepts the Scheduled Value and returns the release properly executed, the claim shall be placed in the FIFO Payment Queue, following which the Asbestos Trust shall disburse payment subject to the limitations of the Maximum Annual Payment.

5.3(a)(3) Disease Levels, Scheduled Values and Medical/Exposure Criteria. The five Disease Levels covered by this TDP, together with the Medical/Exposure Criteria and the Scheduled Values for each are set forth below. These Disease Levels, Scheduled Values, and Medical/Exposure Criteria shall apply to all Asbestos Claims filed with the Asbestos Trust (except Pre-Petition Liquidated Claims) on or before the Initial Claims Filing Date provided in Section 4.2. Thereafter, for purposes of administering the Expedited Review Process and with the consent of the TAC and the FCR, the Trustee may add to, change, or eliminate

Disease Levels, Scheduled Values, or Medical/Exposure Criteria; develop subcategories of Disease Levels, Scheduled Values or Medical/Exposure Criteria; or determine that a novel or exceptional asbestos personal injury claim is compensable even though it does not meet the Medical/Exposure Criteria for any of the then-current Disease Levels. In addition, commencing on January 1, 2021, the Asbestos Trust shall increase these valuation amounts by one percent (1%) per annum. Any such increases shall be applicable to offers made following the dates of such increases.

<u>Disease Level</u>	<u>Scheduled Value</u>	<u>Medical/Exposure Criteria</u>
Mesothelioma (Level V)	\$50,000	(1) Diagnosis ⁴ of mesothelioma, and (2) Debtor Exposure as defined in Section 5.6(b)(3).
Lung Cancer 1 (Level IV)	\$17,000	(1) Diagnosis of a primary lung cancer plus evidence of an underlying Bilateral Asbestos-Related Nonmalignant Disease, ⁵ (2) six months Debtor Exposure, (3) Significant Occupational Exposure ⁶ to asbestos, and (4) supporting

⁴ The requirements for a diagnosis of an asbestos-related disease that may be compensated under the provisions of this TDP are set forth in Section 5.6 below.

⁵ Evidence of “Bilateral Asbestos-Related Nonmalignant Disease,” for purposes of meeting the criteria for establishing Disease Levels II and IV, means either (i) a chest X-ray read by a qualified B reader of 1/0 or higher on the ILO scale or (ii)(x) a chest X-ray read by a qualified B reader or other Qualified Physician, (y) a CT scan read by a Qualified Physician, or (z) pathology, in each case showing either bilateral interstitial fibrosis, bilateral pleural plaques, bilateral pleural thickening, or bilateral pleural calcification. Evidence submitted to demonstrate (i) or (ii) above must be in the form of a written report stating the results (e.g., an ILO report, a written radiology report or a pathology report). Solely for asbestos claims filed against the Debtor or another defendant in the tort system prior to the Petition Date, if an ILO reading is not available, either (i) a chest X-ray or a CT scan read by a Qualified Physician, or (ii) pathology, in each case showing bilateral interstitial fibrosis, bilateral pleural plaques, bilateral pleural thickening, or bilateral pleural calcification consistent with or compatible with a diagnosis of asbestos-related disease, shall be evidence of a Bilateral Asbestos-Related Nonmalignant Disease for purposes of meeting the presumptive medical requirements of Disease Levels II and IV. Pathological proof of asbestosis may be based on the pathological grading system for asbestosis described in the Special Issue of the Archives of Pathology and Laboratory Medicine, “Asbestos-associated Diseases,” Vol. 106, No. 11, App. 3 (October 8, 1982). For all purposes of this TDP, a “Qualified Physician” is a physician who is board-certified in one or more relevant specialized fields of medicine such as pulmonology, radiology, internal medicine or occupational medicine; provided, however, subject to the provisions of Section 5.6, that the requirement for board certification in this provision shall not apply to otherwise qualified physicians whose X-ray and/or CT scan readings are submitted for deceased holders of Asbestos Claims. In addition, for all purposes of this TDP, if the diagnostic images being interpreted in such regard are digital images, then a written report by a Qualified Physician confirming that the images reviewed are with reasonable medical certainty equivalent to those that would qualify for the required ILO grade shall be acceptable as well.

⁶ The term “Significant Occupational Exposure” is defined in Section 5.6(b)(2) below.

<u>Disease Level</u>	<u>Scheduled Value</u>	<u>Medical/Exposure Criteria</u>
		medical documentation establishing asbestos exposure as a contributing factor in causing the lung cancer in question.
Lung Cancer 2 (Level III)	\$5,000	(1) Diagnosis of a primary lung cancer, (2) six months Debtor Exposure, (3) Significant Occupational Exposure to asbestos, and (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the lung cancer in question.
Other Cancer (Level II)	\$7,000	(1) Diagnosis of a primary colo-rectal, laryngeal, esophageal, pharyngeal, or stomach cancer, plus evidence of an underlying Bilateral Asbestos-Related Nonmalignant Disease, (2) six months Debtor Exposure, (3) Significant Occupational Exposure to asbestos, and (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the other cancer in question.
Severe Asbestosis (Level I)	\$12,000	(1) Either (a) a diagnosis of asbestosis with ILO of 2/1 or greater, or asbestosis determined by pathological evidence of asbestosis, plus (x) TLC less than 65%, or (y) FVC less than 65% and FEV1/FVC ratio greater than 65%, ⁷ (b) an “Asbestosis Death,” which is defined to mean a death where (x) asbestosis is listed as the cause or a significant contributing cause of death on the death certificate or (y) a report from a Qualified Physician who is a pathologist, a pulmonologist or an occupational medicine physician states that asbestosis was a significant contributing cause of death, or (c) a diagnosis of asbestosis with ILO of 2/1 or greater, or asbestosis determined by pathological evidence of asbestosis, plus (x) a Qualified Physician who is a pulmonologist or an occupational medicine physician prescribes oxygen to the injured party, (y) the treating Qualified Physician states that the predominant cause of the need for oxygen is asbestosis, and (z) the oxygen is needed by the

⁷ This must be the actual measured value as opposed to the percentage of predicted.

Disease Level

Scheduled Value

Medical/Exposure Criteria

injured party to perform activities of daily life (e.g., not oxygen that is prescribed only for comfort care, at night, for surgery, or on occasion), (2) six months Debtor Exposure, (3) Significant Occupational Exposure to asbestos, and (4) supporting medical documentation establishing asbestos exposure as a contributing factor in causing the pulmonary disease in question.

5.3(a)(4) Extraordinary Claim Review Process.

5.3(a)(4)(i) In General.

“Extraordinary Claim” means an Asbestos Claim that otherwise satisfies the presumptive Medical Criteria for the relevant Disease Level and that is held by a claimant whose exposure to asbestos (i) occurred predominantly as a result of working in a manufacturing facility of the Debtor during a period in which the Debtor was manufacturing asbestos-containing product at that facility or (ii) was at least 75% the result of exposure to an asbestos-containing product or to conduct for which the Debtor has legal responsibility, and in either case there is little likelihood of a substantial recovery elsewhere. All such Extraordinary Claims shall be presented for Extraordinary Claim Review and, if valid shall be entitled to an award of up to a maximum value of five (5) times the Scheduled Value set forth in Section 5.3(a)(3) for the relevant Disease Level, multiplied by the applicable Payment Percentage.

Any dispute as to Extraordinary Claim status shall be submitted to a special Extraordinary Claims Panel established by the Asbestos Trust with the consent of the TAC and the FCR. All decisions of the Extraordinary Claims Panel shall be final and not subject to any further administrative or judicial review.

5.3(a)(4)(ii) Additional Documentation and Information for Extraordinary Claim Review. To be eligible for a payment under this TDP, the holder of an Asbestos Claim submitted for Extraordinary Claim Review must provide the following additional information:

5.3(a)(4)(ii)(A) Requirement to Identify Other Claims. A claimant seeking Extraordinary Claim Review must submit the information described in Section 5.3(a)(4)(ii)(B) about all other claims asserted by the claimant that relate in any way to the alleged injuries for which the claimant seeks compensation. Other claims about which information must be submitted include claims by the claimant, the claimant's decedent, and any present or past holder of the Asbestos Claim. Other claims include, but are not limited to, the following: (a) lawsuits filed in any court, arbitration proceedings before any panel or tribunal, and administrative proceedings (such as workers' compensation claims) before any governmental or quasi-governmental body; (b) claims that were resolved or settled without the institution of litigation (such as pre-filing settlements reached after notification of the existence of a claim without the need to file a lawsuit); and (c) claims that have been submitted in bankruptcy proceedings or to other asbestos trusts or claim resolution facilities that resulted from bankruptcy proceedings.

5.3(a)(4)(ii)(B) Information Required About Other Claims. A claimant seeking Extraordinary Claim Review shall submit the following information for each other claim: (a) the name of the entity against whom the other claim was made, (b) the date of the other claim, and (c) the amounts of all payments received or to be received from the entity to whom the other claim was submitted. The claimant must also submit copies of any documents submitted to or served upon any such entity containing information regarding the alleged injured party's contact with or exposure to asbestos or asbestos-containing products, including without

limitation any claim forms submitted to other asbestos trusts or claim resolution facilities that resulted from bankruptcy proceedings (along with any attachments), ballots submitted by or on behalf of the claimant in any bankruptcy case, and any discovery response filed or served in tort litigation. The claimant shall also certify that, to the best of his or her knowledge, at that time, with the exception of the other claims that have been expressly disclosed and identified by the claimant, no other entity is known to the claimant to be potentially responsible for the alleged injuries that are the basis of the Extraordinary Claim.

5.3(a)(4)(ii)(C) Authorization for Release of Information. Any claimant seeking Extraordinary Claim Review shall execute a release of information form in favor of the Asbestos Trust, in the form attached as Appendix I, authorizing all other asbestos trusts and claim resolution facilities against whom any such other claim has been made or asserted based on the injured party's injury to release to the Asbestos Trust all information submitted to it by such claimant or entity who made such other claim and to disclose the status of any such claim and the amount and date of any payment on the claim. The release of information form shall authorize the Asbestos Trust to obtain all submissions made by the claimant or his or her heirs, executors, successors, or assigns in the future to any other asbestos trust or claim resolution facility. The Asbestos Trust may amend the form attached as Appendix I from time to time to add newly established asbestos trusts or claim resolution facilities. These authorizations will be used not only to verify information provided in connection with particular Extraordinary Claims but also in connection with the Asbestos Trust's periodic audits for fraud.

5.3(a)(4)(ii)(D) Claimant Certification. If the claimant seeking Extraordinary Claim Review is or has been represented by an attorney in any litigation or in the filing of other asbestos trust claims based on the injury that forms the basis for the Extraordinary

Claim, the claimant's attorney shall provide a certification under penalty of perjury. The certification shall affirm that the attorney has fully investigated the alleged injuries that are the basis of the Extraordinary Claim, including conferring with any other attorneys who represent the claimant asserting the Extraordinary Claim with respect to claims against other asbestos trusts or any other entity, and that no good-faith basis exists, at the time the certification is executed, to bring a claim against any entity that is not identified in the proof of claim form submitted to the Asbestos Trust by the claimant asserting the Extraordinary Claim. If the claimant seeking Extraordinary Claim Review has not been represented by an attorney in any litigation or in the filing of other asbestos trust claims based on the injury that forms the basis for the Extraordinary Claim, the claimant shall provide a certification under penalty of perjury that he or she has fully investigated the alleged injuries that are the basis of the Extraordinary Claim, and that no good-faith basis exists, at the time the certification is executed, to bring a claim against any entity that is not identified in the proof of claim form submitted to the Asbestos Trust by the claimant.

5.4 Secondary Exposure Claims. If a claimant alleges an asbestos-related disease resulting solely from exposure to an occupationally exposed person, such as a family member, the claimant must establish that the occupationally exposed person would have met the exposure requirements under this TDP that would have been applicable had that person filed a direct claim against the Asbestos Trust. In addition, the claimant with secondary exposure must establish that he or she is suffering from one of the five Disease Levels described in Section 5.3(a)(3) above, that his or her own exposure to the occupationally exposed person occurred within the same time frame as the occupationally exposed person was exposed to asbestos, asbestos-containing products, or conduct for which the Asbestos Trust has legal responsibility, and that such

secondary exposure was a cause of the claimed disease. All other liquidation and payment rights and limitations under this TDP shall be applicable to such claims.

5.5 Indirect Asbestos Claims. Indirect Asbestos Claims asserted against the Asbestos Trust shall be treated as presumptively valid and paid by the Asbestos Trust subject to the applicable Payment Percentage if (a) such claim satisfied the requirements of the Bar Date for such claims established by the Bankruptcy Court, if applicable, and is not otherwise disallowed by Section 502(e) of the Code or subordinated under Section 509(c) of the Code, and, and (b) the holder of such claim (the “**Indirect Claimant**”) establishes to the satisfaction of the Trustee that (i) the Indirect Claimant has paid in full the liability and obligation of the Asbestos Trust to the individual claimant to whom the Asbestos Trust would otherwise have had a liability or obligation under this TDP (the “**Direct Claimant**”), (ii) the Direct Claimant and the Indirect Claimant have forever and fully released the Asbestos Trust from all liability to the Direct Claimant, and (iii) the claim is not otherwise barred by a statute of limitation or repose or by other applicable law. In no event shall any Indirect Claimant have any rights against the Asbestos Trust superior to the rights of the related Direct Claimant against the Asbestos Trust, including any rights with respect to the timing, amount or manner of payment. In addition, no Indirect Asbestos Claim may be liquidated and paid in an amount that exceeds what the Indirect Claimant has actually paid the related Direct Claimant.

To establish a presumptively valid Indirect Asbestos Claim, the Indirect Claimant’s aggregate liability for the Direct Claimant’s claim must also have been fixed, liquidated and paid fully by the Indirect Claimant by settlement (with an appropriate full release in favor of the Asbestos Trust) or a Final Order (as defined in the Plan) provided that such claim is valid under the applicable state law. In any case where the Indirect Claimant has satisfied the claim of a

Direct Claimant against the Asbestos Trust under applicable law by way of a settlement, the Indirect Claimant shall obtain for the benefit of the Asbestos Trust a release in form and substance satisfactory to the Trustee.

If an Indirect Claimant cannot meet the presumptive requirements set forth above, including the requirement that the Indirect Claimant provide the Asbestos Trust with a full release of the Direct Claimant's claim, the Indirect Claimant may request that the Asbestos Trust review the Indirect Asbestos Claim individually to determine whether the Indirect Claimant can establish under applicable state law that the Indirect Claimant has paid all or a portion of a liability or obligation that the Asbestos Trust had to the Direct Claimant. If the Indirect Claimant can show that it has paid all or a portion of such a liability or obligation, the Asbestos Trust shall reimburse the Indirect Claimant the amount of the liability or obligation so paid, times the then applicable Payment Percentage. However, in no event shall such reimbursement to the Indirect Claimant be greater than the amount to which the Direct Claimant would have otherwise been entitled. Further, the liquidated value of any Indirect Asbestos Claim paid by the Asbestos Trust to an Indirect Claimant shall be treated as an offset to or reduction of the full liquidated value of any Asbestos Claim that might be subsequently asserted by the Direct Claimant against the Asbestos Trust.

Any dispute between the Asbestos Trust and an Indirect Claimant over whether the Indirect Claimant has a right to reimbursement for any amount paid to a Direct Claimant shall be subject to the ADR Procedures provided in Section 5.8 below. If such dispute is not resolved by said ADR Procedures, the Indirect Claimant may litigate the dispute in the tort system pursuant to Sections 5.9 and 7.6 below.

The Trustee may develop and approve a separate proof of claim form for Indirect Asbestos Claims. Indirect Asbestos Claims that have not been disallowed, discharged, or otherwise resolved by prior order of the Bankruptcy Court shall be processed in accordance with procedures to be developed and implemented by the Trustee consistent with the provisions of this Section 5.5, which procedures (a) shall determine the validity, acceptability and enforceability of such claims; and (b) shall otherwise provide the same liquidation and payment procedures and rights to the holders of such claims as the Asbestos Trust would have afforded the holders of the underlying valid Asbestos Claims.

5.6 Evidentiary Requirements.

5.6(a) Medical Evidence.

5.6(a)(1) In General. All diagnoses of a Disease Level shall be accompanied by either (i) a statement by the physician providing the diagnosis that at least ten (10) years have elapsed between the date of first exposure to asbestos or asbestos-containing products and the diagnosis, or (ii) a history of the claimant's exposure sufficient to establish a 10-year latency period.

5.6(a)(1)(A) Disease Level I. All diagnoses of Severe Asbestosis (Disease Level I) shall be based, in the case of a claimant who was living at the time the claim was filed, upon a physical examination of the claimant by the physician providing the diagnosis of the asbestos-related disease. All living claimants must also provide (i) an ILO reading of 2/1 or greater or pathological evidence of asbestosis and (ii) pulmonary function testing (unless the

claimant is able to meet the requirements in (1)(c) of the Medical/Exposure Criteria for Severe Asbestosis in Section 5.3(a)(3) above).⁸

In the case of a claimant who was deceased at the time the claim was filed, all diagnoses of Severe Asbestosis (Disease Level I) shall be based upon either (i) a physical examination of the claimant by the physician providing the diagnosis along with an ILO reading of 2/1 or greater, (ii) pathological evidence of asbestosis, or (iii) the medical documentation required for an “Asbestosis Death” in Section 5.3(a)(3) above. In the case of a diagnosis based on (i) or (ii), the claimant must also provide pulmonary function testing (unless the claimant is able to meet the requirements in (1)(c) of the Medical/Exposure Criteria for Severe Asbestosis in Section 5.3(a)(3) above).

5.6(a)(1)(B) Disease Levels II-V. All diagnoses of an asbestos-related malignancy (Disease Levels II-V) shall be based upon either (i) a physical examination of the claimant by the physician providing the diagnosis of the asbestos-related disease, or (ii) a diagnosis of such a malignant Disease Level by a board-certified pathologist or by a pathology report prepared at or on behalf of a hospital accredited by the Joint Commission.

5.6(a)(2) Credibility of Medical Evidence. Before making any payment to a claimant, the Asbestos Trust must have reasonable confidence that the medical evidence provided in support of the claim is credible and consistent with recognized medical

⁸ “Pulmonary function testing” or “PFT” shall mean testing that is in material compliance with the quality criteria established by the American Thoracic Society (“ATS”) and is performed on equipment which is in material compliance with ATS standards for technical quality and calibration. PFT performed in a hospital accredited by the Joint Commission (“JC”), or performed, reviewed or supervised by a board certified pulmonologist or other Qualified Physician shall be presumed to comply with ATS standards, and the claimant may submit a summary report of the testing. If the PFT was not performed in a JC-accredited hospital, or performed, reviewed or supervised by a board certified pulmonologist or other Qualified Physician, the claimant must submit the full report of the testing (as opposed to a summary report); provided, however, that if the PFT was conducted prior to the Effective Date of the Plan and the full PFT report is not available, the claimant must submit a declaration signed by a Qualified Physician or other qualified party, in the form provided by the Asbestos Trust, certifying that the PFT was conducted in material compliance with ATS standards.

standards. The Asbestos Trust may require the submission of X-rays, CT scans, detailed results of pulmonary function tests, laboratory tests, tissue samples, results of medical examination or reviews of other medical evidence, and may require that medical evidence submitted comply with recognized medical standards regarding equipment, testing methods and procedures to assure that such evidence is reliable. Medical evidence (i) that is of a kind shown to have been received in evidence by a state or federal judge at trial, (ii) that is consistent with evidence submitted to the Debtor to settle for payment similar disease cases prior to the Debtor's bankruptcy, or (iii) that is a diagnosis by a physician shown to have previously qualified as a medical expert with respect to the asbestos-related disease in question before a state or federal judge, is presumptively reliable, although the Asbestos Trust may seek to rebut the presumption. In addition, claimants who otherwise meet the requirements of this TDP for payment of an Asbestos Claim shall be paid irrespective of the results in any litigation at any time between the claimant and any other defendant in the tort system. However, any relevant evidence submitted in a proceeding in the tort system, other than any findings of fact, a verdict, or a judgment, involving another defendant may be introduced by either the claimant or the Asbestos Trust in any arbitration proceeding conducted pursuant to Section 5.8.

5.6(a)(3) Reliance by Asbestos Trust on Finding of another Asbestos Trust. The Trustee may review the governing documents of another asbestos trust or claims facility and, with the consent of the TAC and the FCR, determine to accept the disease level classifications as found by such other asbestos trust or claims facility in lieu of the medical evidence claimants are required to submit under this TDP.

5.6(a)(4) Exemption from Filing Medical Evidence. The Trustee, with the consent of the TAC and the FCR, may exempt claimants from the obligation to submit medical evidence or certain types of medical evidence.

5.6(b) Exposure Evidence.

5.6(b)(1) In General. As set forth above in Section 5.3(a)(3), to qualify for any Disease Level, the claimant must demonstrate a minimum exposure to asbestos, asbestos-containing products, or conduct for which the Asbestos Trust has legal responsibility. Claims based on conspiracy theories that involve no exposure to asbestos, asbestos-containing products, or conduct for which the Asbestos Trust has legal responsibility are not compensable under this TDP. To meet the presumptive exposure requirements of Expedited Review set forth in Section 5.3(a)(3) above, the claimant must show (i) for all Disease Levels, Debtor Exposure as defined in Section 5.6(b)(3) below; and (ii) for Severe Asbestosis (Disease Level I), Other Cancer (Disease Level II), or Lung Cancer 1 or 2 (Disease Levels III and IV), the claimant must show six (6) months Debtor Exposure plus Significant Occupational Exposure to asbestos.

5.6(b)(2) Significant Occupational Exposure. “**Significant Occupational Exposure**” means employment for a cumulative period of at least five (5) years in an industry and an occupation in which the claimant (a) handled raw asbestos fibers on a regular basis; (b) fabricated asbestos-containing products so that the claimant in the fabrication process was exposed on a regular basis to raw asbestos fibers; (c) altered, repaired or otherwise worked with an asbestos-containing product such that the claimant was exposed on a regular basis to asbestos fibers; or (d) was employed in an industry and occupation such that the claimant worked on a regular basis in close proximity to workers engaged in the activities described in (a), (b) and/or (c).

5.6(b)(3) Debtor Exposure. The claimant must demonstrate meaningful and credible exposure to asbestos, asbestos-containing products, or conduct for which the Asbestos Trust has legal responsibility as described in this Section 5.6(b)(3) (“**Debtor Exposure**”). That meaningful and credible exposure evidence may be established by an affidavit or sworn statement of the claimant, by an affidavit or sworn statement of a co-worker or the affidavit or sworn statement of a family member in the case of a deceased claimant (providing the Asbestos Trust finds such evidence reasonably reliable), by invoices, employment, construction or similar records, or by other credible evidence. In order for a claim to be approved by the Asbestos Trust, the injured party must demonstrate to the Asbestos Trust’s satisfaction that he or she regularly worked with the Debtor’s asbestos gaskets, asbestos packing, asbestos tubing, asbestos thermal insulation for tubing and/or piping, and/or asbestos insulation blankets in settings where those products were being ground, scraped, brushed, cut, removed, or physically manipulated in such a manner as to cause the release of asbestos fibers.⁹ The specific exposure information required by the Asbestos Trust to process a claim shall be set forth on the proof of claim form to be used by the Asbestos Trust. The Asbestos Trust can also require submission of other or additional evidence of exposure when it deems such to be necessary.

Evidence submitted to establish proof of Debtor Exposure is for the sole benefit of the Asbestos Trust, not third parties or defendants in the tort system. The Asbestos Trust has no need for, and therefore claimants are not required to furnish the Asbestos Trust with, evidence of exposure to specific asbestos products other than those for which the Debtor has legal responsibility, except to the extent such evidence is required elsewhere in this TDP. Similarly,

⁹ Based on the Debtor’s history, the Asbestos Trust believes that those are the only asbestos-containing products for which the Asbestos Trust has legal responsibility. A claimant may seek to prove that other such products exist, in which case the Asbestos Trust shall review the evidence and make a determination. If the Asbestos Trust determines that the Asbestos Trust is responsible for other asbestos-containing products, the Trustee, the TAC and the FCR shall amend this TDP to add references to such products to the relevant provisions of this TDP.

failure to identify the Debtor's products in the claimant's underlying tort action, or to other bankruptcy trusts, does not preclude the claimant from recovering from the Asbestos Trust, provided the claimant otherwise satisfies the medical and exposure requirements of this TDP.

5.7 Claims Audit Program. The Asbestos Trust, with the consent of the TAC and the FCR, shall develop a Claims Audit Program. Such Program may include methods for auditing the reliability of medical evidence, including additional reading of X-rays, CT scans and verification of pulmonary function tests, as well as the reliability of evidence of exposure to asbestos, including exposure to asbestos-containing products for which the Asbestos Trust has legal responsibility. In the event that the Asbestos Trust reasonably determines that any individual or entity has engaged in a pattern or practice of providing unreliable medical evidence to the Asbestos Trust, it may decline to accept additional evidence from such provider in the future.

The Asbestos Trust shall utilize the services of a third-party claims processing facility (the "**Claims Processor**") to assist in the evaluation of claims submitted to the Asbestos Trust and shall participate in a cross-trust audit program (the "**Cross-Trust Audit Program**"). The Cross-Trust Audit Program shall include a comparison of claims filed with the Asbestos Trust against claims filed with all other asbestos trusts administered by the Claims Processor that participate in the Cross-Trust Audit Program, but shall include no fewer than four other trusts. The filing of any claim with the Asbestos Trust, regardless of the treatment sought, shall constitute consent for each other asbestos trust participating in the Cross-Trust Audit Program to release to the entity overseeing the Cross-Trust Audit Program (the "**Auditor**") all information submitted to such other asbestos trust by or on behalf of the claimant pursuant to the provisions

of the Cross-Trust Audit Program and to disclose the status of any such claim and the amount and date of any payment on the claim to the Auditor.

To the extent that the Asbestos Trust or the Auditor believes that it is relevant, nothing herein shall preclude the Asbestos Trust or the Auditor, in the Asbestos Trust's sole discretion, from reviewing or taking into consideration other claims filed against asbestos trusts in addition to those asbestos trusts involved in the Cross-Trust Audit Program. Any claimant subject to the Asbestos Trust's Claims Audit Program or the Cross-Trust Audit Program shall cooperate and, if requested, provide the Asbestos Trust or the Auditor with authorization to obtain from other asbestos trusts any information such claimant has submitted to such other asbestos trusts.

Further, in the event that an audit reveals that fraudulent information has been provided to the Asbestos Trust, the Asbestos Trust may penalize any claimant or claimant's attorney by rejecting the Asbestos Claim or by other means including, but not limited to, requiring the source of the fraudulent information to pay the costs associated with the audit and any future audit or audits, reordering the priority of payment of all affected claimants' Asbestos Claims, raising the level of scrutiny of additional information submitted from the same source or sources, refusing to accept additional evidence from the same source or sources, seeking the prosecution of the claimant or claimant's attorney for presenting a fraudulent claim in violation of 18 U.S.C. § 152, and seeking sanctions from the Bankruptcy Court.

5.8 Arbitration.

5.8(a) Establishment of ADR Procedures. The Asbestos Trust, with the consent of the TAC and the FCR, shall institute binding and non-binding arbitration procedures in accordance with Alternative Dispute Resolution (“ADR”) Procedures to be established by the

Trustee, with the consent of the TAC and the FCR, for resolving disputes concerning whether a pre-petition settlement agreement with the Debtor is binding and judicially enforceable in the absence of a Final Order of the Bankruptcy Court determining the issue, whether the Asbestos Trust's outright rejection or denial of a claim was proper, or whether the claimant's medical condition or exposure history meets the requirements of this TDP for purposes of categorizing a claim involving Disease Levels I-V. Binding and non-binding arbitration shall also be available for resolving disputes over the Debtor's share of the unpaid portion of a Pre-Petition Liquidated Claim described in Section 5.2 above and disputes over the validity of an Indirect Asbestos Claim.

In all arbitrations, the arbitrator shall consider the same medical and exposure evidentiary requirements that are set forth in Section 5.6 above. With respect to all claims eligible for arbitration, the claimant, but not the Asbestos Trust, may elect either non-binding or binding arbitration. The ADR Procedures may be modified by the Asbestos Trust with the consent of the TAC and the FCR.

5.8(b) Limitations on and Payment of Arbitration Awards. The arbitrator shall not return an award in excess of the Scheduled Value for any claim. A claimant who submits to arbitration and who accepts the arbitral award shall receive payments in the same manner as one who accepts the Asbestos Trust's original valuation of the claim.

5.9 Litigation. Claimants who elect non-binding arbitration and then reject their arbitral awards retain the right to institute a lawsuit in the tort system against the Asbestos Trust pursuant to Section 7.6 below. However, a claimant shall be eligible for payment of a judgment for monetary damages obtained in the tort system from the Asbestos Trust's available cash only as provided in Section 7.7 below.

5.10 Second Disease Claims. The holder of a Severe Asbestosis (Disease Level I) claim may assert a new Asbestos Claim against the Asbestos Trust for a Lung Cancer 1 (Disease Level IV) or Mesothelioma (Disease Level V) claim that is subsequently diagnosed. Any additional payments to which such claimant may be entitled with respect to the Lung Cancer 1 (Disease Level IV) or Mesothelioma (Disease Level V) claim shall be reduced by the amount paid to the claimant for the Severe Asbestosis (Disease Level I) claim

SECTION 6.

CLAIMS MATERIALS

6.1 Claims Materials. The Asbestos Trust shall prepare suitable and efficient claims materials (“**Claims Materials**”) for all Asbestos Claims, and shall provide such Claims Materials upon a written request for such materials to the Asbestos Trust. The proof of claim form to be submitted to the Asbestos Trust shall require the claimant to assert the highest Disease Level for which the claim qualifies at the time of filing. The proof of claim form shall also include a certification by the claimant or his or her attorney sufficient to meet the requirements of Rule 11(b) of the Federal Rules of Civil Procedure. In developing its claim filing procedures, the Asbestos Trust shall make every effort to provide claimants with the opportunity to utilize currently available technology at their discretion, including filing claims and supporting documentation over the Internet. The proof of claim form to be used by the Asbestos Trust shall be developed by the Asbestos Trust and submitted to the TAC and the FCR for approval; it may be changed by the Asbestos Trust with the consent of the TAC and the FCR.

6.2 Content of Claims Materials. The Claims Materials shall include a copy of this TDP, such instructions as the Trustee shall approve, and a detailed proof of claim form. This TDP has been prepared with the goal of simplifying the filing of claims, reducing paperwork by

claimants, and reducing the cost of reviewing claims in an effort to maximize distribution to claimants. Accordingly, instead of collecting some or all of the claims information from a claimant or the claimant's attorney, the Asbestos Trust may, with the consent of the claimant or the claimant's attorney, obtain such information from electronic databases maintained by any other asbestos claims resolution organization. If requested by the claimant, the Asbestos Trust shall accept information provided electronically. The claimant may, but shall not be required to, provide the Asbestos Trust with evidence of recovery from other defendants and claims resolution organizations.

6.3 Withdrawal or Deferral of Claims. A claimant can withdraw an Asbestos Claim at any time upon written notice to the Asbestos Trust and file another claim subsequently without affecting the status of the claim for statute of limitations purposes, but any such claim filed after withdrawal shall be given a place in the FIFO Processing Queue based on the date of such subsequent filing. A claimant can also request that the processing of his or her Asbestos Claim by the Asbestos Trust be deferred for a period not to exceed two (2) years without affecting the status of the claim for statute of limitations purposes, in which case the claimant shall also retain his or her original place in the FIFO Processing Queue. During the period of such deferral, a sequencing adjustment on such claimant's Asbestos Claim as provided in Section 7.5 hereunder shall not accrue and payment thereof shall be deemed waived by the claimant. Except for Asbestos Claims held by representatives of deceased or incompetent claimants for which court or probate approval of the Asbestos Trust's offer is required, or an Asbestos Claim for which deferral status has been granted, a claim shall be deemed to have been withdrawn if the claimant neither accepts, rejects, nor initiates arbitration within one (1) year of the Asbestos Trust's

written offer of payment or rejection of the claim. Upon written request and good cause, the Asbestos Trust may extend the withdrawal or deferral period for an additional six (6) months.

6.4 Filing Requirements and Fees. Each claimant must submit a filing fee of \$50 to have an Asbestos Claim processed by the Asbestos Trust. The fee shall be refunded in full to claimants who receive and accept payment of a settlement offer from the Asbestos Trust.

6.5 Confidentiality of Claimants' Submissions. All submissions to the Asbestos Trust by a holder of an Asbestos Claim, including a proof of claim form and materials related thereto, shall be treated as made in the course of settlement discussions between the holder and the Asbestos Trust, and intended by the parties to be confidential and to be protected by all applicable state and federal privileges, including but not limited to those directly applicable to settlement discussions. The Asbestos Trust will preserve the confidentiality of such claimant submissions, and shall disclose the contents thereof only, with the permission of the holder, to another trust established for the benefit of asbestos personal injury claimants pursuant to section 524(g) of the Bankruptcy Code or other applicable law, to such other persons as authorized by the holder, or in response to a valid subpoena of such materials issued by the Bankruptcy Court, a Delaware State Court, or the United States District Court for the District of Delaware. Furthermore, the Asbestos Trust shall provide counsel for the holder a copy of any such subpoena immediately upon being served; provided, however, that if a subpoena seeks records or information pertaining to more than fifty (50) claimants, the Asbestos Trust may instead first provide a copy of the subpoena to counsel for the TAC and the FCR and delay providing a copy of the subpoena to counsel for individual holders of Asbestos Claims until, in the Trustee's judgment, it appears likely that information or records relating to the holders may have to be produced in response to the subpoena. In such a case, the Asbestos Trust shall ensure that the

notice that is provided to counsel for the holders allows such counsel sufficient time to object to the production. The Asbestos Trust shall on its own initiative or upon request of the claimant in question take all necessary and appropriate steps to preserve said privileges before the Bankruptcy Court, a Delaware State Court, or the United States District Court for the District of Delaware and before those courts having appellate jurisdiction related thereto. Notwithstanding anything in the foregoing to the contrary, with the consent of the TAC and the FCR, the Asbestos Trust may, in specific limited circumstances, disclose information, documents or other materials reasonably necessary in the Asbestos Trust's judgment to preserve, litigate, resolve, or settle coverage, or to comply with an applicable obligation under an insurance policy or settlement agreement within the Asbestos Personal Injury Trust Assets; provided, however, that the Asbestos Trust shall take any and all steps reasonably feasible in its judgment to preserve the further confidentiality of such information, documents and materials, and prior to the disclosure of such information, documents or materials to a third party, the Asbestos Trust shall receive from such third party a written agreement of confidentiality that (a) ensures that the information, documents and materials provided by the Asbestos Trust shall be used solely by the receiving party for the purpose stated in the agreement and (b) prohibits any other use or further dissemination of the information, documents and materials by the third party except as set forth in the written agreement of confidentiality. Nothing in this TDP, the Plan or the Trust Agreement expands, limits or impairs the obligation under applicable law of a claimant to respond fully to lawful discovery in any underlying civil action regarding his or her submission of factual information to the Asbestos Trust for the purpose of obtaining compensation for asbestos-related injuries from the Asbestos Trust.

SECTION 7.

GENERAL GUIDELINES FOR LIQUIDATING AND PAYING CLAIMS

7.1 Showing Required. To establish a valid Asbestos Claim, a claimant must meet the requirements set forth in this TDP.

7.2 Costs Considered. Notwithstanding any provisions of this TDP to the contrary, the Trustee shall always give appropriate consideration to the cost of investigating and uncovering invalid Asbestos Claims so that the payment of valid Asbestos Claims is not further impaired by such processes with respect to issues related to the validity of the medical evidence supporting an Asbestos Claim. The Trustee shall also have the latitude to make judgments regarding the amount of transaction costs to be expended by the Asbestos Trust so that valid Asbestos Claims are not unduly further impaired by the costs of additional investigation. Nothing herein shall prevent the Trustee, in appropriate circumstances, from contesting the validity of any claim against the Asbestos Trust whatever the costs, or declining to accept medical evidence from sources that the Trustee has determined to be unreliable pursuant to the Claims Audit Program described in Section 5.7 above, or otherwise.

7.3 Discretion to Vary the Order and Amounts of Payments in Event of Limited Liquidity. Consistent with the provisions hereof and subject to the FIFO Processing and Payment Queues and the Maximum Annual Payment requirements set forth above, the Trustee shall proceed as quickly as possible to liquidate valid Asbestos Claims, and shall make payments to holders of such claims in accordance with this TDP promptly as funds become available and as claims are liquidated, while maintaining sufficient resources to pay future valid claims in substantially the same manner.

Because the Asbestos Trust's income over time remains uncertain, and decisions about payments must be based on estimates that cannot be done precisely and may have to be revised in light of experiences over time, there can be no guarantee of any specific level of payment to claimants. However, the Trustee shall use his or her best efforts to treat similar claims in substantially the same manner, consistent with his or her duties as Trustee, the purposes of the Asbestos Trust, and the practical limitations imposed by the inability to predict the future with precision.

In the event that the Asbestos Trust faces temporary periods of limited liquidity, the Trustee may, with the consent of the TAC and the FCR, (a) suspend the normal order of payment, (b) temporarily limit or suspend payments altogether, (c) offer a Reduced Payment Option as described in Section 2.5 above and/or (d) commence making payments on an installment basis.

7.4 Punitive Damages. Except as provided below for claims asserted under the Alabama Wrongful Death Statute, in determining the value of any liquidated or unliquidated Asbestos Claim, punitive or exemplary damages, *i.e.*, damages other than compensatory damages, shall not be considered or paid, notwithstanding their availability in the tort system. Similarly, no punitive or exemplary damages shall be payable with respect to any claim litigated against the Asbestos Trust in the tort system pursuant to Sections 5.9 above and 7.6 below. The only damages that may be awarded pursuant to this TDP to Alabama claimants who are deceased and whose personal representatives pursue their claims only under the Alabama Wrongful Death Statute shall be compensatory damages determined pursuant to the statutory and common law of the Commonwealth of Pennsylvania, without regard to the choice of law principles.

7.5 Sequencing Adjustment.

7.5(a) In General. Subject to the limitations set forth below, a sequencing adjustment shall be paid on all Asbestos Claims with respect to which the claimant has had to wait a year or more for payment, provided, however, that no claimant shall receive a sequencing adjustment for a period in excess of seven (7) years, or for a period when the claim was deferred or withdrawn at the claimant's request. The sequencing adjustment factor shall be the one-year U.S. Treasury bill interest rate in effect on January 1 of the year in which the accrual of the sequencing adjustment commences. The rate of the sequencing adjustment shall be adjusted each January 1 to correspond to the one-year Treasury bill interest rate then in effect. The applicable sequencing adjustment shall be calculated based only on the value of the claim specified in Section 7.5(b) or (c) below, subject to the Payment Percentage; any accrued but unpaid sequencing adjustment shall not be included in such calculation.

7.5(b) Unliquidated Asbestos Claims. A sequencing adjustment shall be payable on the Scheduled Value of any unliquidated Asbestos Claim, whether the claim is liquidated under Expedited Review or by arbitration. No sequencing adjustment shall be paid on any claim liquidated in the tort system pursuant to Section 5.9 above and Section 7.6 below. Sequencing adjustments on all such unliquidated claims shall be measured from the date of payment back to the earliest of the date that is one year after the date on which (a) the claim was filed against the Debtor prior to the Petition Date; (b) the claim was filed against another defendant in the tort system on or after the Petition Date but before the Effective Date; (c) the claim was filed with the Bankruptcy Court during the pendency of the Chapter 11 proceeding; or (d) the claim was filed with the Asbestos Trust after the Effective Date.

7.5(c) Liquidated Pre-Petition Claims. A sequencing adjustment shall also be payable on the liquidated value of all Pre-Petition Liquidated Claims described in Section 5.2(a)

above. In the case of Pre-Petition Liquidated Claims liquidated by verdict or judgment, the sequencing adjustment shall be measured from the date of payment back to the date that is one (1) year after the date that the verdict or judgment was entered; provided, however, that in no event shall the sequencing adjustment be measured from a date prior to the Petition Date if the liquidated value of the Pre-Petition Liquidated Claim includes pre-petition interest. In the case of Pre-Petition Liquidated Claims liquidated by a binding, judicially enforceable settlement, the sequencing adjustment shall be measured from the date of payment back to the date that is one (1) year after the Petition Date.

7.6 Suits in the Tort System. If the holder of a disputed claim disagrees with the Asbestos Trust's determination regarding the Disease Level of the claim or the claimant's exposure history, and if the holder has first submitted the claim to non-binding arbitration as provided in Section 5.8 above, the holder may file a lawsuit against the Asbestos Trust in the Claimant's Jurisdiction as defined in Section 8.3 below. Any such lawsuit must be filed by the claimant in his or her own right and name and not as a member or representative of a class, and no such lawsuit may be consolidated with any other lawsuit. All defenses (including, with respect to the Asbestos Trust, all defenses which could have been asserted by the Debtor) shall be available to both sides at trial; however, the Asbestos Trust may waive any defense and/or concede any issue of fact or law. If the claimant was alive at the time the initial pre-petition complaint was filed or on the date the proof of claim form was filed with the Asbestos Trust, the case shall be treated as a personal injury case with all personal injury damages to be considered even if the claimant has died during the pendency of the claim.

7.7 Payment of Judgments for Money Damages. If and when a claimant obtains a judgment in the tort system, the claim shall be placed in the FIFO Payment Queue based on the

date on which the judgment became final. Thereafter, the claimant shall receive from the Asbestos Trust an initial payment (subject to the applicable Payment Percentage and the Maximum Annual Payment provisions set forth above) of an amount equal to the greater of (i) the Asbestos Trust's last offer to the claimant or (ii) the award that the claimant declined in non-binding arbitration; provided, however, that in no event shall such payment amount exceed the amount of the judgment obtained in the tort system. The claimant shall receive the balance of the judgment, if any, in five (5) equal installments in years six (6) through ten (10) following the year of the initial payment (also subject to the applicable Payment Percentage and the Maximum Annual Payment provisions above in effect on the date of the payment of the subject installment).

The total amounts paid with respect to such claims shall not exceed the relevant Scheduled Values for such Disease Levels as set forth in Section 5.3(a)(3) above. Under no circumstances shall (a) a sequencing adjustment be paid pursuant to Section 7.5 or (b) interest be paid under any statute on any judgments obtained in the tort system.

7.8 Releases. As a condition to making a payment to a claimant, the Asbestos Trust shall obtain from such claimant a Release in the form attached hereto as Exhibit 1. The Trustee may modify the provisions of the Release so long as he or she obtains the consent of the TAC and the FCR. If allowed by state law, the endorsing of a check or draft for payment by or on behalf of a claimant may, in the discretion of the Asbestos Trust, constitute such a release.

7.9 Third-Party Services. Nothing in this TDP shall preclude the Asbestos Trust from contracting with another asbestos claims resolution organization to provide services to the Asbestos Trust so long as decisions about the categorization and liquidated value of Asbestos

Claims are based on the relevant provisions of this TDP, including the Disease Levels, Scheduled Values, and Medical/Exposure Criteria set forth above.

SECTION 8.

MISCELLANEOUS

8.1 Amendments. Except as otherwise provided herein, the Trustee may amend, modify, delete, or add to any provisions of this TDP (including, without limitation, amendments to conform this TDP to advances in scientific or medical knowledge or other changes in circumstances), provided he or she first obtains the consent of the TAC and the FCR pursuant to the Consent Process set forth in Sections 5.7(b) and 6.6(b) of the Trust Agreement, except that the right to adjust the Payment Percentage is governed by Section 4.2 above. Nothing herein is intended to preclude the TAC or the FCR from proposing to the Trustee, in writing, amendments to this TDP. Any amendment proposed by the TAC or the FCR shall remain subject to Section 7.3 of the Trust Agreement.

8.2 Severability. Should any provision contained in this TDP be determined to be unenforceable, such determination shall in no way limit or affect the enforceability and operative effect of any and all other provisions of this TDP. Should any provision contained in this TDP be determined to be inconsistent with or contrary to the Debtor's obligations to any insurance company providing insurance coverage to the Debtor in respect of claims for personal injury based on exposure to an asbestos-containing product or to conduct for which the Debtor has legal responsibility, the Asbestos Trust with the consent of the TAC and the FCR may amend this TDP and/or the Trust Agreement to make the provisions of either or both documents consistent with the duties and obligations of the Debtor to said insurance company.

8.3 Governing Law. Except for purposes of determining the liquidated value of any Asbestos Claim, administration of this TDP shall be governed by, and construed in accordance with, the laws of the State of Delaware. The law governing the liquidation of Asbestos Claims in the case of arbitration or litigation in the tort system shall be the law of the Claimant's Jurisdiction as described below.

For these purposes, the "Claimant's Jurisdiction" is the jurisdiction in which the claim was filed (if at all) against the Debtor in the tort system prior to the Petition Date. If the claim was not filed against the Debtor in the tort system prior to the Petition Date, the claimant may elect as the Claimant's Jurisdiction either (i) the jurisdiction in which the claimant resides at the time of diagnosis or when the claim is filed with the Asbestos Trust; or (ii) a jurisdiction in which the claimant experienced exposure to an asbestos-containing product or to conduct for which the Debtor has legal responsibility.

EXHIBIT 1

Asbestos Personal Injury Claimant Release

SEPCO ASBESTOS PERSONAL INJURY TRUST

RELEASE AND INDEMNITY AGREEMENT

NOTICE: THIS IS A BINDING DOCUMENT THAT AFFECTS YOUR LEGAL RIGHTS. PLEASE CONSULT YOUR ATTORNEY IN CONNECTION WITH EXECUTING THIS DOCUMENT. IF YOU DO NOT PRESENTLY HAVE AN ATTORNEY, YOU MAY WISH TO CONSIDER CONSULTING ONE.

All capitalized terms not defined herein shall have the respective meanings ascribed to them in either the Second Amended Plan of Reorganization for Sepco Corporation Under Chapter 11 of the Bankruptcy Code, dated as of October 4, 2019 (as amended and supplemented), as confirmed by order of the United States Bankruptcy Court for the Northern District of Ohio in *In re Sepco Corporation*, Case No. 16-50058, which confirmation was affirmed by an order of the United States District Court for the Northern District of Ohio (the "Plan"), or the Sepco Asbestos Personal Injury Trust Distribution Procedures (the "TDP", which may be amended from time to time) adopted pursuant to the Plan.

WHEREAS, the undersigned, who is either the "Injured Party" or the/an "Official Representative"* (either being referred to herein as the "Claimant"), has filed a claim (the "Claim") with the Sepco Asbestos Personal Injury Trust (the "Trust") pursuant to the TDP and such Claim asserts an Asbestos Personal Injury Claim for which Sepco Corporation (the "Debtor") is alleged to have legal responsibility; and

WHEREAS, the Claimant has agreed to settle and compromise the Claim, for and in consideration of the allowance of the Claim by the Trust and its payment pursuant to the TDP in accordance with the terms set forth therein and herein.

NOW, THEREFORE, the Claimant hereby agrees as follows:

1. On behalf of the Injured Party, the Injured Party's estate, the Injured Party's legal and personal representatives, heirs and/or anyone else claiming rights through the Injured Party, now and in the future, the Claimant hereby fully and finally RELEASES, ACQUITS, and FOREVER DISCHARGES (a) the Trust, the Trust Advisory Committee, the Future Claimants' Representative, and their respective trustees, members, directors, officers, agents, consultants, financial advisors, servants, employees, attorneys, heirs, legal and personal representatives, and executors, and (b) the Debtor, Reorganized Sepco, and any other Protected Party (collectively "Releasees") from any and all Asbestos Personal Injury Claims (and any claims related thereto), except as expressly provided herein.

2. Notwithstanding the paragraph immediately above or anything to the contrary contained herein, if the Claim involves a non-malignant asbestos-related disease (Disease Level I under the TDP), the Injured Party may, pursuant to Section 5.10 of the TDP, file a new Asbestos Claim against the Trust for a Lung Cancer I (Disease Level IV under the TDP) or Mesothelioma (Disease Level V under the TDP) that is diagnosed after the date of the Claimant's original submission of a proof of claim form to the Trust with respect to the Claim.

3. The Claimant expressly covenants and agrees forever to refrain from bringing any suit or proceeding at law or in equity, against the Releasees with respect to any Asbestos Personal Injury Claim released herein.

4. The Claimant intends this Release and Indemnity Agreement to be as broad and comprehensive as possible so that the Releasees shall never be liable, directly or indirectly, to the Injured Party or the Injured Party's heirs, legal or personal representatives, successors or assigns, or any other person or entity claiming by, through, under, or on behalf of the Injured Party, for or on account of any Asbestos Personal Injury Claim, except as expressly provided herein, whether the same is now known or unknown or may now be latent or may in the future appear to develop, including all spousal claims for the Injured Party's claims. If the Claimant is an Official Representative, the Claimant represents and warrants that the Claimant has all requisite legal authority to act for, bind and accept payment on behalf of the Injured Party and all legal or personal representatives and heirs of the Injured Party on account of any Asbestos Personal Injury Claim against the Trust and hereby agrees to indemnify and hold harmless, to the extent of payment hereunder, excluding attorney's fees and costs, the Releasees from any loss, cost, damage or expense arising out of or in connection with the rightful claim of any other Entity to payments with respect to the Injured Party's Asbestos Personal Injury Claim against the Trust.

5. This Release and Indemnity Agreement is not intended to bar any cause of action, right, lien or claim that the Claimant may have against any alleged tortfeasor, or any other person or entity, not included in the definition of Releasees. The Claimant hereby expressly reserves all his or her rights against such persons or entities. This Release and Indemnity Agreement is not intended to release or discharge any Asbestos Personal Injury Claim or potential Asbestos Personal Injury Claim that the Injured Party's heirs (if any), spouse (if any), the Official Representative (if any) or the Official Representative's heirs (if any) (other than the Injured Party) may have as a result of their own exposure to asbestos or asbestos-containing products.

6. The Claimant represents and warrants that all valid liens or subrogation and reimbursement claims relating to benefits paid to or on account of the Injured Party in connection with, or relating to, the Asbestos Personal Injury Claim have been resolved or will be resolved from the net proceeds of the settlement payment to the Claimant under this Release and Indemnity Agreement or otherwise. It is further agreed and understood that no Releasee shall have any liability to the Claimant or any other person or entity in connection with such liens or subrogation and reimbursement claims and that the Claimant will indemnify and hold the Releasees harmless from any and all such alleged liability as provided in the following sentence. The Claimant will indemnify and hold the Releasees harmless, to the extent of the amount of payment hereunder, excluding attorney's fees and costs, from any and all liability arising from subrogation, indemnity, or contribution claims related to the Asbestos

* The "Official Representative" is the/a person who under applicable state law or legal documentation has the authority to represent the Injured Party, the Injured Party's estate, or the Injured Party's heirs.

Personal Injury Claim released herein including those arising from any compensation or medical payments due, or claimed to be due, under any applicable law, regulation, or contract related to the Asbestos Personal Injury Claim released herein.

7. It is further agreed and understood that if the Claimant has filed a civil action against the Trust, the Claimant shall dismiss such civil action and obtain the entry of an Order of Dismissal with Prejudice with respect to any Asbestos Personal Injury Claim released herein no later than 30 days after the date hereof.

8. The Claimant understands that the Asbestos Personal Injury Claim released herein is being resolved by the Trust, and a liquidated value (\$ _____) has been established for such Claim. The Claimant acknowledges that, pursuant to the TDP, the Trust will only be able to pay the Claimant a percentage (the "Payment Percentage") of the liquidated value of such Claim. The Payment Percentage applicable to the Claim will be determined in the manner set forth in the TDP. The Claimant further acknowledges that the Payment Percentage is based on estimates that change over time, and that other claimants may have in the past received, or may in the future receive, a smaller or larger percentage of the value of their claims than the Claimant. The Claimant further acknowledges that, other than as specifically set forth in the TDP, the fact that earlier or later claimants may have been paid or may in the future be paid a smaller or larger percentage of the value of their claims shall not entitle the Claimant to any additional compensation from the Trust.

9. In the event of a verdict against others, any judgment entered on the verdict that takes into account the status of the Trust as a joint tortfeasor legally responsible for the Injured Party's injuries shall be reduced by no more than the total and actual amount paid as consideration for this Release and Indemnity Agreement or such lesser amount as allowed by law.

10. The Claimant understands, represents, and warrants that this Release and Indemnity Agreement is a compromise of a disputed claim and not an admission of liability by, or on the part of, the Releasees. Neither this Release and Indemnity Agreement, the compromise and settlement evidenced hereby, nor any evidence relating thereto, will ever be admissible as evidence against the Trust in any suit, claim, or proceeding of any nature except to enforce this Release and Indemnity Agreement. However, this Release and Indemnity Agreement is and may be asserted by the Releasees as an absolute and final bar to any claim or proceeding now pending or hereafter brought by or on behalf of the Injured Party with respect to the Asbestos Personal Injury Claim released herein, except as expressly provided herein.

11. The Claimant (a) represents that no judgment debtor has satisfied in full or in part, the Trust's liability with respect to the Injured Party's Asbestos Personal Injury Claim as the result of a judgment entered in the tort system, and (b) upon information and belief, represents that the Claimant has not entered into a release (other than this Release and Indemnity Agreement) that discharges or releases the Trust's liability to the Claimant with respect to the Injured Party's Asbestos Personal Injury Claim.

12. The Claimant represents that he or she understands that this Release and Indemnity Agreement constitutes a final and complete release of the Releasees with respect to the Injured Party's Asbestos Personal Injury Claim, except as expressly provided herein. The Claimant has relied solely upon his or her own knowledge and information, and the advice of his or her attorneys (if any), as to the nature, extent and duration of the Injured Party's injuries, damages, and legal rights, as well as the alleged liability of the Trust and the legal consequences of this Release and Indemnity Agreement, and not on any statement or representation made by or on behalf of the Trust.

13. This Release and Indemnity Agreement contains the entire agreement between the parties and supersedes all prior or contemporaneous, oral or written agreements or understandings relating to the subject matter hereof between or among any of the parties hereto, including, without limitation, any prior agreements or understandings with respect to the liquidation of the Claim.

14. This Release and Indemnity Agreement shall be governed by, and construed and enforced in accordance with, the laws of the State of Delaware, without giving effect to the principles of conflicts of law thereof and shall be binding on the Injured Party and his or her heirs, legal representatives, successors and assigns.

15. TO THE EXTENT APPLICABLE, THE CLAIMANT HEREBY WAIVES ALL RIGHTS UNDER SECTION 1542 OF THE CALIFORNIA CIVIL CODE, AND ANY SIMILAR LAWS OF ANY OTHER STATE. CALIFORNIA CIVIL CODE SECTION 1542 STATES:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS WHICH THE CREDITOR DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE, WHICH IF KNOWN BY HIM OR HER MUST HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR.

THE CLAIMANT UNDERSTANDS AND ACKNOWLEDGES THAT BECAUSE OF THE CLAIMANT'S WAIVER OF SECTION 1542 OF THE CALIFORNIA CIVIL CODE, EVEN IF THE INJURED PARTY SHOULD EVENTUALLY SUFFER ADDITIONAL DAMAGES, THE INJURED PARTY WILL NOT BE ABLE TO MAKE ANY CLAIM AGAINST THE RELEASEES FOR THOSE DAMAGES, EXCEPT AS EXPRESSLY PROVIDED HEREIN. THE CLAIMANT ACKNOWLEDGES THAT HE OR SHE INTENDS THESE CONSEQUENCES.

16. If the Claimant's counsel directed MFR Claims Processing, Inc. ("MFR") to transmit to the Trust any information from MFR for purposes of settling the Claim, the Claimant acknowledges that the Claimant consented to the disclosure, transfer and/or exchange of information related to the Claim (including medical information) between the Trust and MFR in connection with MFR's processing of the Claim.

17. The Claimant authorizes payment pursuant to Paragraph 8 to the Claimant or the Claimant's counsel, as trustee for the Claimant.

18. The Claimant acknowledges that the Trust's obligation to pay the Claimant is not triggered until the Trust receives the executed Release and Indemnity Agreement from Claimant.

CERTIFICATION

I state that I have carefully read the foregoing Release and Indemnity Agreement and know the contents thereof, and I sign the same as my own free act. I additionally certify, under penalty of perjury, that the information that has been provided to support the Claim is true according to my knowledge, information, and belief, and further that I have the authority as the Claimant to sign this Release and Indemnity Agreement.

I further represent and certify to the Trust that, in respect of the Claim, the Claimant has paid or will provide for the payment and/or resolution of any obligations owing or potentially owing under 42 U.S.C. § 1395y(b), or any related rules, regulations, or guidance, in connection with, or relating to, the Claim.

**AUTHORIZATION FOR RELEASE OF RECORDS OF OTHER ASBESTOS
TRUSTS AND CLAIM RESOLUTION FACILITIES**

TO WHOM IT MAY CONCERN:

The Claimant named below hereby authorizes each asbestos trust and claim resolution facility listed in the attachment hereto to provide directly to the Sepco Asbestos Personal Injury Trust (the "Asbestos Trust"), or any of its representatives, all submissions made by Claimant and (if different from the Claimant) the party whose injury forms the basis of the claim (the "Injured Party"), including claim forms, any attachments to claim forms, and any amended or supplemental claim forms. Claimant expressly acknowledges that the other asbestos trust or claim resolution facility may provide such documents directly to the Asbestos Trust and need not obtain any further authorization from the Claimant or his/her representatives.

A copy of this Authorization shall be as valid as the original. This Authorization contains no expiration date and may be exercised by the Asbestos Trust at any time. If Claimant's representative has signed this Authorization, a notarized power of attorney is attached.
